DESCRIPTION

BSIT graduate with a strong foundation in problem-solving, communication, and teamwork. Experienced in mobile development, UI/UX design, and providing technical assistance during internship and school-based IT activities. Quick to learn, proactive in taking on challenges, and committed to delivering quality work across diverse IT and software environments.

PROFESSIONAL EXPERIENCE

Internship, iTECH-RAR Solutions Inc.   **Jan 2023 - May 2023**

- Designed user interfaces for mobile apps, focusing on improving usability and responsiveness.
- Developed mobile applications using Flutter, ensuring cross-platform compatibility and performance.
- Collaborated with clients and internal teams to define project requirements and deliver solutions aligned with user needs.

PROJECTS

FreshClips: A Digital Platform Enhancing Client Interaction and Modernizing the Hairstyling Industry   **Sep 2024 - May 2025**

- Led the UI/UX design for a mobile app that allows users to book barbershop and salon services seamlessly.
- Created wireframes and interactive prototypes in Figma, enhancing the app's visual appeal and usability.
- Developed approximately 95% of the entire project, including front-end implementation and integration with core functionalities.
- Developed core features (appointment, messaging, working hours, etc.) using Flutter and Firebase for a seamless multi-user experience.

TaRIDES: A Community-based Mobile Application Designed for Cyclists and Hobbyist   **Aug 2023 - Dec 2023**

- Designed and implemented interactive features for a community app that connects bikers and encourages participation in challenges and events.
- Created high-fidelity prototypes using Figma, ensuring a visually appealing and intuitive navigation system.
- Conducted user testing and gathered feedback to refine designs, improving the app's user engagement by focusing on ease of use.
